Flameproof Junction Boxes **EOB** Series

❖ Type of Explosion-proof Flameproof (Ex d IIC) Class I Group C,D Class II Group E,F,G

Conduit Size		Dimension						
		Α	В	С	D	Е	F	
16	1/2"	85	132	79	8	116	116	
22	3/4"	85	132	82	8	116	116	
28	1"	85	142	86	8	121	121	
36	1-1/4"	106	170	96	10	148	148	
42	1-1/2"	106	170	102	10	148	148	
54	2"	142	234	164	10	198	198	

Application

EOB junction boxes are used;

- in indispensable for splicing and branching of conductors for electrical wiring in explosive gas atmosphere.
- in various products in accordance with applicable conduit sizes and positions of entries are supplied as
- in select suitable type and dimensions according to the location.

❖ Features

The cover is;

- Thread-jointed to the body
- Synthetic rubber O-ring is used outside of the joint.
- Assured flameproof, weatherproof and dust-tight are
- When the connections of conductors are bulky or the treatment of wiring is difficult.
- Recommend to use the EOBD Junction Boxes with dome cover.

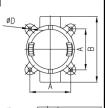

Standard Materials

- Cast Iron
- If you want another color, contact us please.

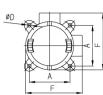

Standard Finish

- Cast Iron: Hot Dip Galvanized with stove enamelled Cast AI: MUNSELL No. 7.5BG 6/1.5
- If you want another color, contact us please.

Compliance

- IEC 60079-0, 1
- ANSI/UL 886
- ANSI/UL 514A

Certification

Certified by KOSHA (Korea Occupational Safety & Health Agency), KGS (Korea Gas Safety Corporation), and the others.

Dome Cover

- The dome cover can be fitted with the splices of conductors standing as shown in the photograph.
- Splicings and treatments of many conductors can easily be done without suffering damages in the boxes.
